Dry Wheat 5022T

October Bronze 224A

Polished Leather 4083D

Rockies Red 184A

Golden Wonder 211A

Mer-Ko's Color Selection Guide represents the standard colors available for our high-performance Antiquing Gel. These colors can be used as single-tone colorants or applied in multiple colors to create unique design finishes that complement any decor. The design possibilities are endless!

Colors may vary from the color chart. Printed color charts are as closely representative to actual colors as modern printing technology allows. Final color selection should always be made from an actual sample. Custom colors require additional lead time; additional fees and minimum order quantities apply. Finish color can vary dramatically depending on the application method and the porosity, color and texture of the surface.
